Subject: daccord Connector for Micro Focus GroupWise

Micro Focus GroupWise Connector ready for use

daccord is able to evaluate access rights in the collaboration software Micro Focus GroupWise. Micro Focus GroupWise provides email, scheduling, instant messaging, task management, contact management and document management functions.

The new connector supports the versions GW 12, GW 14 and the latest version GW 18. It provides you with the following options:

- Evaluation of persons that use a mailbox
- Substitution rights evaluation of mailboxes
- Evaluation of persons that have the rights to read or write mails in substitution
- Evaluation of access rights regarding which person is permitted to read or make appointments in substitution
- Evaluation of mailing lists and who is member in what list

daccord provides a full access rights overview of internal, external and former employees. daccord's wide range of connectable systems is now expanded to the collaboration software Micro Focus GroupWise.

For more information don't hesitate to contact your account manager or use info@daccord.de.
